

Israeli Coins

Date

1965 and 1971

Primary Maker

Jean David

Medium

metal, fabric, wood, polish

Description

(a) A copper coin features a raised image of a figure in the center and has a recessed inner border. The outer border has curved raised text around the perimeter. (b) A copper coin features a raised image of a building and has a recessed inner border. The outer border has curved raised text around the perimeter. (c) A silver coin features raised shapes in the center that are bordered by curved raised text. Raised silhouettes of figures wearing armor create a border around the perimeter. (d) A silver coin features a raised image of a building in the center and a raised image of a menorah on the upper proper left. There is horizontal raised text below the building. (e) A square wooden box is lined with blue fabric.
