

Basic Detail Report

Silver Star Medal

Date

before 1974

Primary Maker

Rudolf Freund

Medium

metal, ribbon

Description

(a) A golden five-pointed star medal displays a small silver star enclosed by a laurel wreath. Eighteen rays radiate from the star to the wreath. The medal is suspended from a rectangular metal loop with rounded corners that hangs from a vertically-striped red, white, and blue ribbon. (b) The lid of a rectangular maroon box is lined with white fabric, and the bottom portion is cushioned with maroon

fabric.
